

Diana Simpson-Hernandez

Contract AI Product & Strategy Lead · Fractional Chief AI Officer

London · remote-first | dianasimpsonhernandez@gmail.com | +44 (0)7973 933 859 | linkedin.com/in/dianasimpson | dianasimpsonhernandez.com/contract

Availability: Available now

Day rate: £650–850, outside IR35 via DiSH Creative Ltd (UK)

Pattern: 2–4 days a week · 2–6 months · on-site London or remote

Right to work: UK, no sponsorship needed · delivery in English or Spanish

Not taking: Property or wealth-management briefs (conflict with my own venture)

PROFILE

Contract AI product and strategy lead with fifteen years turning emerging technology into measured commercial outcomes, and a shipped, patent-pending AI product of my own. I take a team from “we bought the licence” to “we can show the board which decision got better, and by how much”: discovery, decision-level ROI, build-or-buy-or-leave, governance, and the enablement that makes it stick. My methods are published and checkable before you hire me (LEVER, RECALL) — engine-neutral, standard tooling, no vendor tie.

WHAT I DO ON CONTRACT

AI adoption & change — from licence bought to measurable decision uplift; sequenced so nothing breaks downstream

AI product strategy / fractional CAIO — what to build, buy or leave alone, priced at the decision level; roadmap, pilot design, vendor selection

Governance & assurance — decision ledgers, gold sets, model evaluation, DPIA-ready evidence trails that survive an audit

Literacy & enablement — curriculum and workshops that get operators shipping their own tools (Vibecoding protocol, REWIRED)

SELECTED ENGAGEMENTS AND OUTCOMES

Language Kids World — Houston, TX

2026

AI automation & product partnership (consulting engagement)

60-person language-education company (10 full-time staff, ~50 contract teachers); the founder was the single-threaded dependency for the whole delivery operation.

- Mapped the operation from observation, then sequenced a set of AI automations so each relieved the next — curriculum development went from weeks to hours.
- Found and closed a security breach in the existing systems, unprompted, before it cost anything.
- Turned the tools the business needed into products the industry needed: structured a royalty + service-fee partnership (STAKE) creating two new revenue lines.
- Outcomes: 92% less curriculum-development time; 10–15 working weeks a year returned to the founder (\$28–42k/yr at the client’s loaded cost). Client reference available.

Aletheai — London

Dec 2024 – present

Founder & CEO · AI decision intelligence (patent-pending)

Multi-signal behavioural prediction engine for estate agents; pilot with Alto (Zoopla Group). Incubated at AI Forge; three-time pitch finalist; Innovate UK and STFC engagement.

- Designed the Signal Factory architecture — connectors → normalisers → entity resolution → feature store → decision engine → narrative layer — and shipped 12+ production releases in 12 months (prediction engine, agent dashboard, synthetic-data generator, CRM API adapter).
- Held-out model evaluation: ROC-AUC 0.810, calibration ECE 0.029, Lift@50 2.42×. Validated ~10 hours recovered per agent per week in pilot.
- Owned commercial strategy end to end: pricing architecture, ARR model, data-protection and security packs, senior stakeholder engagement.

DiSH Creative Ltd — London

Apr – Dec 2024

Applied-AI strategy consultant (commercial and non-profit clients)

Applied-AI product strategy, service design and executive enablement for organisations adopting AI.

- Product-strategy engagements delivering up to 60% operational-efficiency gains and 25% uplift in user engagement.
- Designed automation frameworks combining rules, model-driven assistance and human oversight — manual workflows cut ~40%, operating costs down up to 35%.
- Ran executive and board workshops for AI use-case prioritisation and commercial alignment; built impact-measurement strategies for NGOs' funding narratives.

Slimming World — Derbyshire, UK

2019 – 2024

Principal UX Strategist · Design Department Manager

One of the UK's largest health platforms (250,000+ active members, 1.5M+ annual content readers).

- Managed a team of 12 UX, UI and service designers; introduced a company-wide modular design system and unified web and mobile experience.
- Authored the UX Strategy & Discovery training programme — external training spend down 45%, designer onboarding time down 70%.
- Led the company's digital North Star strategy across product, marketing and leadership; launched the content platform.

EARLIER

Nottingham Trent University — Senior Lecturer, Product Design (2017–19). Led the first-year BSc programme (100+ students); embedded coding, electronics and commercial thinking; BBC micro:bit and ROLI partnerships.

Shake Your Power CIC — Co-founder & Chief Product Officer (2014–17). US patent (SPARK, the first energy-generating musical instrument); two London Design Award Golds; STEM pilots in the UK, US and India; manufacturing in Shenzhen.

Monogram Publishers — Founder (2014–present). Independent publishing house for the creator-entrepreneur economy; author of *The Art of Getting Stuff Done* (2022); host of the Stand Out podcast.

METHODS, PRACTICE AND TOOLING

Published methods: LEVER (decision diagnostics) · RECALL (retrieval and corpus readiness) · STAKE (product partnerships) — frameworks.dianasimpsonhernandez.com

Practice: Product discovery · service blueprinting · decision-level ROI modelling · build/buy/leave assessment · pilot design · AI governance (DPIA, model evaluation, gold sets) · workshop design and executive enablement · Certified Scrum Master

Technical: Python · Streamlit · LLM and RAG pipelines (Claude, OpenAI, Mistral APIs) · feature stores · model evaluation (calibration, lift, drift) · Railway and Streamlit Cloud deployment · Git/GitHub

EDUCATION, AFFILIATIONS, LANGUAGES

Education: MA Design Products, Royal College of Art · BA Product Design, Central Saint Martins (UAL) · MIT xPRO, Designing & Building AI Products and Services (2024) · IDEO U, Service Design (2022) · Oxford Saïd, FinTech (2019) · ILM Level 3 Leadership

Affiliations: FRSA (Royal Society of Arts) · AFHEA (Advance HE) · Lecturer, IED Madrid · Mentor and venture coach, LCC (UAL) · Judge, LCC Accelerate 2026 · Education Ambassador, CREATE

Languages: English and Spanish (fluent) · Italian (working knowledge)
